**Crypt Suzette - Five-Ingredient Mystery #6 by Maya Corrigan**

*When a murder masquerades as an accident after a Halloween costume party, Val and Granddad pull off a tasty Halloween ruse to unmask the killer.*

For the Halloween party Val caters at Bayport’s new bookshop, the members of a creative writing group, the Fictionistas, dress up as book characters for a costume contest. One of them, the secretive Suzette, rents a room from Granddad as she works her way through college. When she’s found dead of an apparent accident, Val and Granddad suspect foul play. So do her fellow Fictionistas, who accuse each other of murder. Did one of them kill her, or was her death rooted in the past she’d worked hard to escape? As Val tries to answer that question, she may become the next “accident” victim.
